" It's okay. I would like a larger variety. I don't expect much from a school lunch and I understand that is hard to cook for many people"

Last week's Student Bar was hosted by 6M who did an exceptional job of bringing in homemade sweets. Everyone participated and so Mr Marshall's homeroom got a Commendation Card. In two days they raised 85 euros that will be given to charity. The next Student Bar will be hosted by the officers on Wednesday 26th November.

Their theme this time is Sweet and Salty!!!

Why have you chosen home lunch?

" I changed to home lunch because last year there was only pasta. There was not a lot of choice and the food was not healthy"

By Nicolas 7F

Do you like the school lunch? Why?

" No because it's not healthy and there isn't a lot of choice. I would expect bread, oil, salt, meat, good vegetables and tablecloths"

This Saturday the Girls' RISA tournament was held at Ambrit. The coach, Mr Gianluca, made two teams, Ambrit Yellow and Ambrit Red. Ambrit Yellow started really well with a victory against AOSR for 6-3. To score was the captain Livia(2), Chiara(3) and Arianna(1). Also the other team did really well in their first match against Marymount. The goals were scored by Margherita(2), Therese(1) and Eleonora(1). Ambrit Yellow continued winning, this time against New School for 3 nil. To score was again Livia(2) and Joanna(1). It didn't go so well for Ambrit Red who lost their second match against St. George's. Anyway both teams managed to arrive to the semi-finals which they played against each other. It was a fought match which ended 2-2 so the two teams had to shoot the penalties finally won by Ambrit Red. The final was against St.George's which had beaten them one nil in their group. This time Therese's goal and a good work of the defence gave the second cup in two tournaments for Ambrit Girls' Team.
